- Develop manipulation and control.
- Use small motor skills to do things independently.

EYFS – Our Educational Programme Expressive arts and design:

- Explore different materials, using all their senses to investigate them.
- Manipulate and play with different materials.

WORLD BOOK DAY

Fancy Dress Week

World Book Day falls on **Thursday 6th March** this year. Children are invited to dress up as a book character during the week

Monday 3rd March- Friday 7th March 2025.

Our Educational programme

Developing a love of books and reading is imbedded in our day-to-day curriculum:

0-3 years: Children listen to simple stories and are encouraged to understand what is happening, with the help of the pictures.

3-4 years: Children share longer stories and skills of recall are promoted as children can remember much of what happens

Literacy – The EYFS says...

It is crucial for children to develop a life-long love of reading. Reading consists of two dimensions: language comprehension and word reading. Language comprehension (necessary for both reading and writing) starts from birth. It only develops when adults talk with children about the world around them and the books (stories and non-fiction) they read with them, and enjoy rhymes, poems and songs together.

Our Lending Library

Please feel free to borrow a book or story sack from nursery. We have a selection of resources in the lobby for families to use- please ask a member of staff when you drop off / collect your child for details.

Story sacks are a fantastic resource for making books fun and bringing stories to life. The props in each story sack can be used to support the telling of the story and can then be used to re-create the story afterwards in the children's own words. Happy reading!

Preschool Math's Activities!

What are we learning in the EYFS?

To make comparisons between objects relating to size, length, weight, capacity.

To recite numbers past 5.

To talk about and explore 2D and 3D shapes.
